Chapter 531 Pegasus vs. the Black Dragon

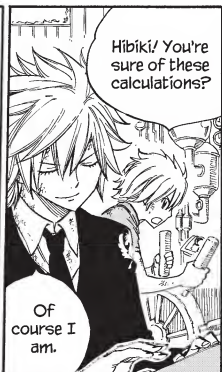

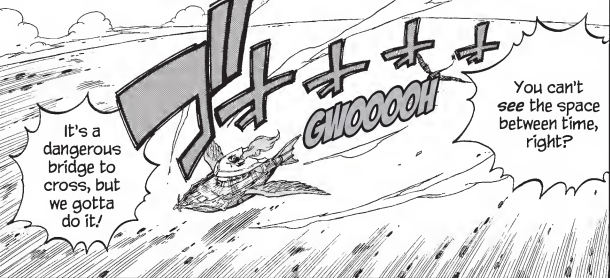

**STORY
THUS
FAR.**

Erza, Wendy and Jellal are speaking to Anna, the very woman who crossed 400 years through the Eclipse door to defeat Acnologia. And in the present day, she discovered a "space between time," a place where time is warped and nothing can exist. Their plan is to trick Acnologia into touching it, sealing him inside. But if something should go wrong, it could spell disaster for everyone on the flying ship. Which way will fate fall?!

It's a dangerous bridge to cross, but we gotta do it!

You can't see the space between time, right?

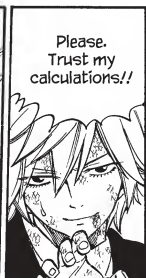

Two hundred ...

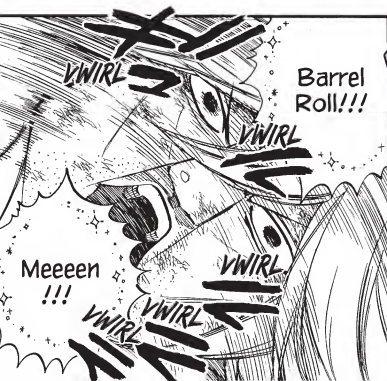

Three hundred ...

It's 400 meters to the space between time!!

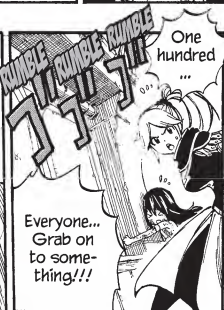

Please. Trust my calculations!!

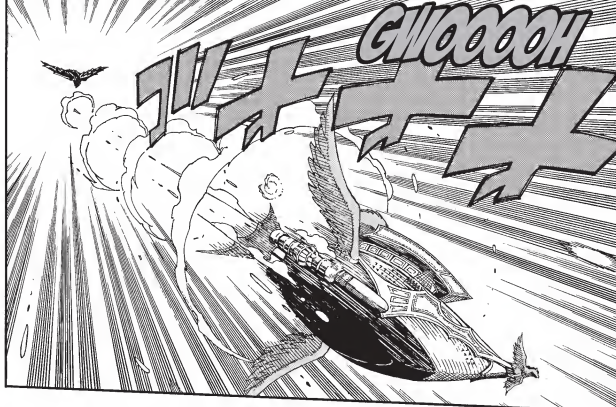

Barrel Roll!!!

Meeeen !!!

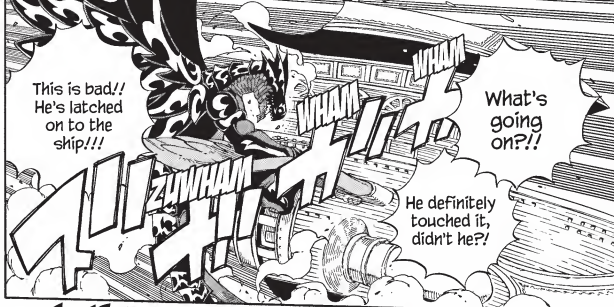

One hundred ...

Everyone... Grab on to something!!!

This is bad!!
He's latched
on to the
ship!!!

What's
going
on?!!

He definitely
touched it,
didn't he?!

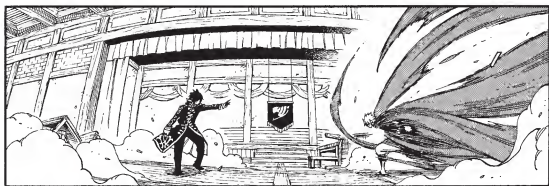

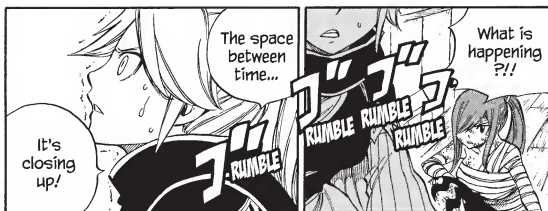

That
shouldn't
even be
possible!!

Can you
turn back
so I can
take a look?

No...

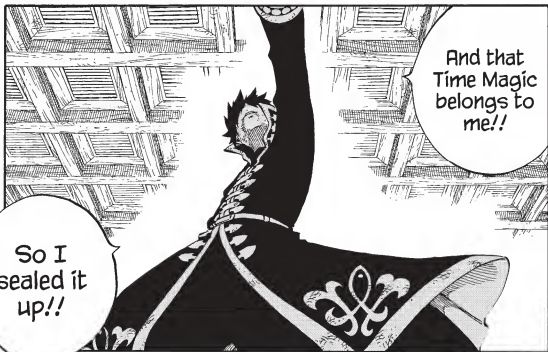

Urghh
...

It's brimming
with so much
Time Magic, it
beggars the
imagination.

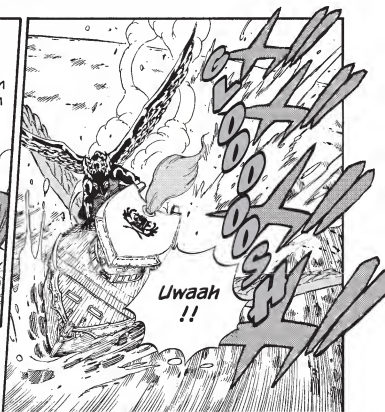

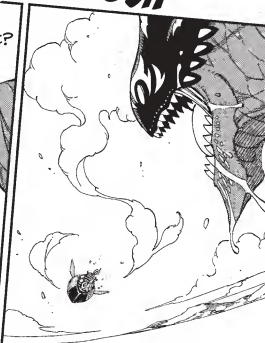

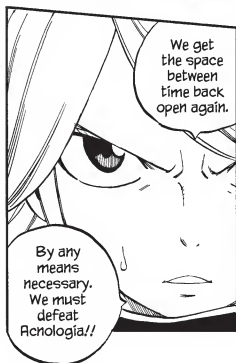

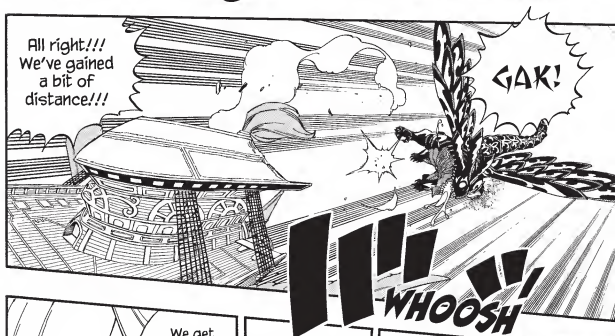

So I
sealed it
up!!

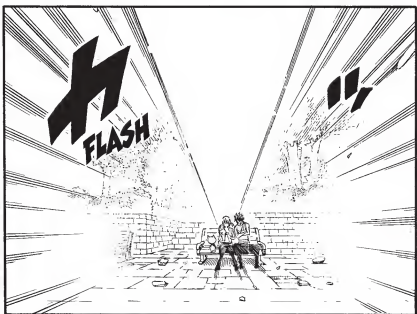

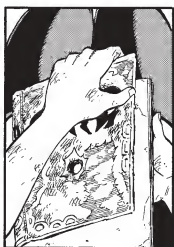

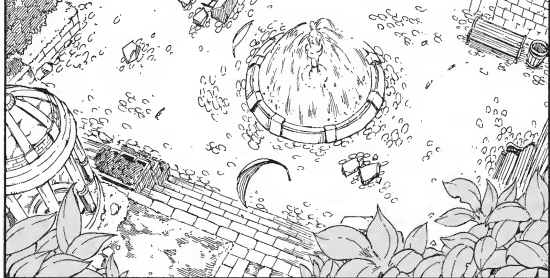

And that
Time Magic
belongs to
me!!

I'll only
open it
for Neo
Eclipse!!
